

Biomatematický model 2011 – Tour de Suisse – prolog

Také prolog Tour de Suisse neunikl naší pozornosti a tak si jezdci, zapojení do letošního Biomatematického modelu, zabojovali s nejlepšími proficyklisty planety v úvodním dějství podniku, kde před lety zazářil Roman Kreuziger. Letos v mimořádné konkurenci vedle jezdce BMM hájí české barvy i další čeští jezdci Jan Bárta a Leopold König (oba Netapp) a Zdeněk Štybar (Quickstep) a parádně v prologu zabojovalo i slovenské trio Sagan a Velitsové.

7,3km přes kopec nakonec proletěl nejrychleji favorizovaný Fabian Cancellara (Leopard Trek). Jakou mincí odpověděl Robert a další jezdci BMM?

Více ve výsledkové listině na další straně.
